

Guide to the Project Listing

The projects included in the FY 2007 program are grouped by State Highway District. Within each District, projects are listed under six headings.

- State Construction
- State Engineering
- State Land Acquisition
- Local Construction
- Local Engineering
- Local Land Acquisition

Individual projects are listed within these six headings in descending route marking order, i.e., Interstate, US, Illinois, and other. Each project's type of funding is identified by eligibility with symbols; the symbols and their funding categories are shown in Table 1. Projects in some categories, such as railroad-highway grade crossing safety and some statewide and districtwide items, will be identified and selected during the fiscal year. A glossary with abbreviations is listed in Table 2.
